FOSTER'S WEATHER BULLETIN.

(Copyrighted 1906, by W. T. Foster.)

Washington, D. C., Aug. 4.—Last bulletin gave forecast of disturbance to cross continent 4 to 8, warm wave 3 to 7. Next disturbance will reach Pacific coast about 8, cross west of Rockies by close of 9, great central valleys 10 to 12, eastern states 13. Warm wave will cross west of Rockies country about 8, great central valleys 10, eastern states 12. Cool wave will cross west of Rockies about 11, great central valleys 13, eastern states 15.

This disturbance will be at its greatest extent and intensity on the Pacific coast and slope, will be above average intensity throughout its course but will bring less severe weather than will occur within a few days of 6 and 21.

A great fall in temperature will come with the cool wave of this disturbance and frosts may be expected where they sometimes occur in August. Showery weather will follow the low except in the drouth districts of the corn belt heretofore named.

Only about one-half the usual amount of rain fell in July as an average of the six best corn producing states and while the damage to the corn crop in July was probably not as great as it was in June, the rainfall of July was almost exactly as predicted and the crop is not now in condition to withstand the August drouth.

Six months ago I advised farmers that the 1906 corn crop would be 25 per cent short of the 1905 crop, and I have no reason for changing the estimate. The government reports for June showed a considerable decrease in conditions of the corn crop as compared with June 1905 and there is still a decrease at the beginning of August. But in their total per centages the government crop report experts made the 7 per cent of improved conditions in the seven southern states, where almost no corn is produced, overbalance the 5 per cent of decreased conditions in the seven great corn producing states and announced a general improvement of the corn crop, as a whole, of 3 per cent; thus claiming that the 1906 corn crop would be 66 million bushels better than the 1905 crop. That report caused a fall of 3 cents a bushel on corn and the farmers lost a million dollars thereby.

By estimating the corn crop conditions by states and on bushels the reports of the government experts would have shown a decrease of 5 per cent in the corn crop conditions at end of June or a loss of 110 million bushels as compared with June 1905 and with that kind of a report the price of corn would have gone up 5 cents. The manipulations of the government corn crop report for June 1906 has thus cost the farmers millions of dollars and the money has gone into the pockets of the great speculator's combine which is manipulated by the leaders of the great trusts.

If the so called government scientists would base their reports on bushels of grain produced in the states this evil would be remedied.

SOCIAL and Club Matters

Misses Cora Garth, Louise Harris, Martha Harrison, Maggie McDougald and Irma Harris, Messrs. Frank Webb, Marshal Spell, Seth DeMaret and Roger Nail formed a merry automobile party to College Friday evening.

Mrs. Albert L. Haynes of Austin, formerly Miss Lillie Leman of Bryan, will give a house party beginning Tuesday. Miss Mattie Lou Hudson and Miss Alma Robinson will attend from here.

Misses Winnie Thomas, Katie Henderson, Ada Rhodes, Batte and McInnis and Messrs. Horace Cavitt, Bryan, Hunter, Bradley and Williams formed a surprise party who called on Misses Tuttle of Houston on Monday evening, the latter then being guests of Mr. and Mrs. J. M. Collier at their hospitable home west of Bryan. Games and music, with iced watermelons for refreshment, made a charming evening for the young people.

Quite a jolly crowd attended a hay ride to Carter's Creek Wednesday evening, Mr. and Mrs. W. C. Davis being the chaperones. Ice cold watermelons and soda water were much enjoyed. Those who enjoyed this pleasure are the following: Misses Kate Henderson of Cameron, Ada Rhodes of Navasota, Deolice Hickman of Hearne, Hattie Lou Hudson, Messrs. Jim James, Robert Webb Jr., Ed Martin, Henry Locke, Stuart Boatwright.

Miss Clara Mawhinney was hostess to the regular weekly meeting of the Needle Workers on Friday afternoon. The parlor was sweet and fragrant with pretty varicolored roses. Tables were arranged in this room for the games of Hearts. At the close of the contest Miss Winnie Henderson of Cameron received the first prize, a gold hat pin. Miss Clara was assisted in the entertaining by her mother, Mrs. J. H. Mawhinney. Cream and cake were the refreshments.

One of the most enjoyable meetings that have been held by the "Many Merry Maids" club was that of Tuesday afternoon at five o'clock at the home of Mr. and Mrs. T. R. Batte, their two daughters, Misses Lillian and Annie Bell Batte, acting as hostesses. After the half hour had passed for the sewing, four games of blind forty-two were played after which an appetizing salad course was served. The affair was pleasing to everyone present and the hostesses added new laurels to their reputation as entertainers.

A. A. Farley, who left last night for St. Louis to take charge of the western office of his Baltimore house for a month or six weeks during the retailers' marketing season, gave a dinner to a party of gentlemen friends, some twenty in number, at the Fin-Feather lake on Friday evening. An elaborate collation was provided, and seasoned with Mr. Farley's unbounded hospitality, it was immensely enjoyed by everybody. Mr. Farley will be back in his Texas territory in September.

In spite of the inclement weather that prevailed Thursday afternoon the members of the Musical Club assembled at the home of Miss Ira Maud Camp. Those taking part on the program were Misses Madeline Hanway, Laura James, Mary Allen, Ira Maud Camp, Myrtle James, Misses Louise Caldwell and Myrtle James were the only ones present besides the club members. After a delicious repast of cream and cake the girls dispersed with many thanks to their hostess for a delightful afternoon.

Miss Lillie Reed entertained friends Monday evening at the home of her parents, Mr. and Mrs. Lucien Reed. This pretty party was given to Miss Ella Ray Boyle who left Wednesday for Houston. A violet contest was planned and a thoroughly good time was had. The hours flew by only too swiftly. At the close of the game it was found that Mr. John Preston won first prize and he was given a box of candy. The booty, a rubber doll, went to Mr. Frank Buchanan. At the close of the entertainment refreshments consisting of peach cream and cake were served.

At the hospitable home of Mr. and Mrs. J. T. Hines on the west side of town their grand daughter, Miss Louise Stickley, entertained the musical club of which she is president, on Friday afternoon at five o'clock. Misses Agnes Kennard and Louise Stickley played a duet, and Miss Bernice Harris an instrumental solo, both of which were much enjoyed. Several games of blind forty-two were played, the score being kept on pretty and unique score cards. At the close of the games a pretty hand painted piece of china was given Miss Stella Johnson for making the highest score, while the consolation, a vase, went to Miss Mary Allen. Ice cream and cake were served.

L. S. Ross Chapter, U. D. C., met at 4 o'clock Friday afternoon with Mrs. F. I. Garth. After roll call the Lord's prayer was offered in concert. The minutes of last meeting were read and approved. The corresponding secretary read letters from the State Division president, the State Division secretary and Miss Decca West of Waco, all giving information in regard to the necessary arrangements for the convention to be held here in December. The chapter decided to have a social entertainment and serve refreshments at an early date. The remainder of the meeting hour was given over to plans for the convention. The next meeting place will be announced later.

A party in picnic form was given by Miss Lula Tabor, daughter of Mr. and Mrs. O. L. Tabor, on Friday evening at a pretty lake near the Tabor home in the northern part of town. The grounds were richly lighted by Japanese lanterns, which afforded all the colors of the rainbow, and thronged by as happy and congenial set of young folks as ever gathered for merrymaking. Settees and chairs were provided, also boats which afforded quite a pleasure. Ice cold water melons were served. The chaperones were Mr. and Mrs. O. L. Tabor.

Those present were Misses Norris Tabor, Lula Tabor, Alberta Adams, Louise Harris, Judy McConico, Ray Conway, Helen Peverly, Irene Board, Corine James, Charlie Jenkins, Aline Robde, Mary Roman, Willie McDougald, Mary McInnis, Gussie Buchanan, Messrs. THIRTY THOUSAND OUT

That Number of Workmen Walk Out by Noon Saturday.

RICH JEWS BLAMED

Member of Russian Government Is Quoted as Saying They Back Up Revolutionists to Bring Settlement of Own Issue.

St. Petersburg, Aug. 4.—Probably not more than 30,000 workmen were out when the general strike went officially into force at noon today.

The final decision to call the strike, so hastily taken Thursday night, has kept the police busy putting ringleaders behind the bars.

Great confusion prevails among various organizations scheduled to begin striking at different places and at different times. Therefore, the inauguration of the strike lacks snap, and it is evident its success will depend on the temper of the masses. Leaders have been more or less demoralized by the energy displayed by the government in breaking up workmen's organizations, and unless the people spontaneously respond to the call the strike must end in an early failure.

All eyes are turned on Moscow and the provinces.

St. Petersburg, the government's stronghold, is expected to be the last to succumb to the state of anarchy into which Revolutionists have undertaken to plunge the country. The battle cry of the strike, "a reconvenation of parliament for the purpose of elaboration of law providing for a constituent assembly," does not ring true, and, in fact, is simply a peaceful slogan, to be abandoned if the government totters when the true colors will be run up.

Members of workmen's council in conjunction with radical groups of the outlawed parliament have made definite arrangements to proclaim themselves a provisional government if success crowns their efforts, but unless the whole army sides with the Revolutionists thos. in control of the government are convinced a strike will end in failure.

A prominent member of the government, who is in complete sympathy with the decision taken at Peterhof to fight the revolution, energetically points out the workmen's unions are without funds to carry on a protracted struggle, and he is disposed, like many of his class, to contend that the real power behind the scenes is the rich Jews, who are interested in striking a blow at Russia's credit, which will compel the government to come to terms on the Jewish question.

SOCIALISTS TO BLAME.

Responsibility For Late Train Robberies and Killing of Policemen.

Warsaw, Aug. 4.—Jewish Socialists, in a proclamation, urge Jews to be ready to fight, and should the signal be given they are requested to appear in the streets armed. The appeal gave rise to a serious panic and fears were also expressed that a general railway strike might break out here. Stringent measures were adopted for the preservation of order.

Polish Socialists issued a proclamation admitting responsibility for recent train robberies and acknowledging they murdered twenty policemen lately.

Imports Not Seriously Affected.

Hamburg, Germany, Aug. 4.—The new meat inspection regulations do not seem seriously to affect American imports. Regulations require inspection of lymphatic glands with fresh meat, while with prepared meat such as is chiefly imported from the United States only glands naturally belonging to cut must be attached.

ADRIPT ON GULF.

Two Men Are in a Plank That Is Truly Terrible.

New Orleans, Aug. 4.—News that two men were adrift in the Gulf of Mexico on scows was received here by agents of the ocean-going tug W. R. Wilnot. Four days ago these men were cast adrift in a storm which broke the tow line between the Wilnot and four scows which the castaways were tending. The tug was then sixty miles out from Mobile, which port she left last Monday. When the sea broke the tow line those on the tug were forced to watch their comrades drift away, frantically signaling, but helpless before the storm. No assistance could be given by the Wilnot because she was also towing a dredge, which did not break loose, and on which there was also a crew. Manned by this dredge, and fearing that to cut it loose in a chase for the scow might mean death to those on the dredge, the tug's captain began a race against time toward Pensacola, Fla., intending to leave the dredge there and put back to sea for the scows. Friday the Wilnot, having brought the dredge safely to port, began their search. The dredge and scows were from Vicksburg, Miss., passing down the Mississippi river last week.

They have sufficient food for two weeks.

TO INVESTIGATE.

Railroad Charged With Threatening to Discharge Labor Union Men.

Washington, Aug. 4.—Acting on complaint filed by H. D. Perham, president of the Order of Railroad Telegraphers, Acting Attorney General Russell has issued instructions to United States District Tinsley at Covington, Ky. to make an immediate investigation of charges that the Louisville and Nashville railroad company has violated the law in the matter of threatening to discharge employees because of their membership in labor unions. Mr. Perham had a long conference with Mr. Russell. Mr. Perham said that his organization had submitted affidavits to the United States attorney for the Eastern district of Kentucky showing violations of the law by the Louisville and Nashville and other concerns, and that the United States attorney, instead of prosecuting the case, had referred the matter to the interstate commerce commission. In addition to instructing the district attorney to investigate, Acting Attorney General Russell advised him that it was his duty to prosecute cases of this kind without referring them to the department at Washington.

Employees of St. Petersburg Electric Light Plants Ceased Work.

St. Petersburg, Aug. 4.—St. Petersburg was in darkness Friday night. The employees of the electric light plants, always the earliest barometric record of political conditions, ceased work during Friday afternoon in obedience to the call for a general strike.

The only other available index to the situation is the railroads. Up to 2 o'clock Saturday morning the railroad men had not heeded the call for a general strike, except in the case of an insignificant line running to shore resorts in the vicinity of St. Petersburg. The men of this road barricaded the line, with the result that they had an unimportant collision with Cossacks Friday night.
